MICHAEL FARADAY CURRICULUM IMPACT 2022/23

IMPACT REFLECTION

Our history curriculum has enabled children to develop an understanding of London's history, gain knowledge and an understanding of Britain's past and of the world around them. It has also allowed children to explore their own heritage and that of other communities. We encourage children's curiosity to know more about the past through a range of exciting and engaging activities, including trips and workshops. We provide children with a range of opportunities to become critical and analytical thinkers and supports them with making their own judgements. From their topics, children are left inspired from an understanding that it is from numerous acts of courage that human history is shaped.
