

RHE

MICHAEL FARADAY CURRICULUM IMPACT 2022/23

IMPACT REFLECTION

Our RHE curriculum enables our children to have a willingness and ability to understand and appreciate not just themselves, but those around them. It aids them to have a good understanding of how to care for many aspects of their lives; their bodies, minds, relationships and the environment. It equips them with the skills and knowledge to respect and value what it means to be a positive member of their school and citizen in the wider world. It is clear that the core values and skills taught throughout our RHE curriculum are embedded and built on throughout the whole school. This is an area of their learning which the children thoroughly enjoy and look forward to.

PUPIL VOICE

RHE helps us learn from our mistakes and important life decisions.
Yr5 pupil

If we don't do our Jigsaw lessons, we won't be able to learn about the good facts of the world and the people you love. In our world, we always love each other. We learn how to save the world.
Year 1 pupil

I enjoy RHE- we use breathing to calm down and pop thoughts.
Year 2 pupil

Jigsaw teaches us how differences are a good thing and to be grateful. We learn about health and sex education to keep us safe. We learn to look after ourselves.
Year 6 pupil

We learn how to concentrate on our feelings. It's important. If we can show how we feel, people can help us. It really does help me, with friends and family. I feel like I'm evolving my feelings, from sad to happy and more wild.
Year 3 pupil

We can't just poof up our dreams, we have to work for it.
Year 3 pupil

We need to learn Jigsaw. It helps us mend friendships- someone has to tell you how.
Year 4 pupil

EXAMPLES OF LEARNING
