

School Dog Risk Assessment

Includes:

- Purpose and introduction
- Interaction with pupils and staff
- Pupils and staff interaction with the school dog
- Hygiene/Health
- Activities involving the school dog, including walking

School Dog Risk Assessment

Purpose	<ol style="list-style-type: none">1. Dogs teach children responsibility. Having to remember to feed, provide water and show support for a dog can give children a sense of importance and satisfaction that they can't get from school or other chores. The relationship that develops can be life-changing for a child and a great support system as they themselves continue to grow and develop.2. Dogs teach children patience. Dogs do not always do as they are told first time!3. Dogs teach children compassion. Just like humans, dogs feel emotion and pain. They are prone to injuries and the infirmities of age during their relatively short lives.4. Dogs teach children about socialisation. Like most of us, dogs are social animals who enjoy and need attention and affection. By learning how to interact with a dog, children can learn how to better socialise with other children. If they can learn the social cues of a dog, then interacting with humans who can talk will be a walk in the park (pun intended).5. Dogs are fun. Last, but certainly not least, dogs are a lot of fun. They greet you with a wagging tail every day and can cheer you up even on your worst day. <p>Many people have studied dogs in attempts to decipher their behaviour, and the theories abound. However, you just have to witness the interactions between dogs and children to realise the potential for greatness. Dogs can sense when children with epilepsy are about to have a seizure, they can sense when a diabetic child's sugar is low, and they can help children with severe physical disabilities find happiness in life. With the proper training and supervision, a dog can enrich a child's life. After all, dogs are basically four-legged children who never grow up!</p>
Introduction	<p>The School Dog 'Joey' is the School Dog of a School in Croydon. He was bought following the success of the family's other dog, Ted, as a school dog at Greenfields Community Primary School in Maidstone. Joey is a very caring and well-behaved dog who has been an extremely successful School Dog in the first two years of his life.</p> <p>Joey's Mother is a cocker spaniel and his Father is a miniature poodle. This makes Joey ½ cocker spaniel and ½ poodle – this mix is known as a Cockapoo.</p> <p>Joey has his own pet insurance to look after his health needs through Pet Plan. The school's insurance policy provides employer liability and public liability cover for Joey where the school is legally liable to pay any compensation in the event of a claim. Joey is also a member of the Dog's Trust which provides useful training on looking after school pets and includes some additional third party public liability cover. The school has also taken out specialist insurance cover for school dogs through Pet Business Insurance to ensure that Joey is properly insured and protected.</p> <p>Joey regularly visits the vet for check-ups. Whilst he is there they administer worm and flea treatments as well as make adjustments to his food intake to ensure he remains a health weight.</p>

School Dog Risk Assessment

Joey will come to school one day a week with Riana Gouws (HT). In addition to the 5 key reasons for Joey joining us outlined in the purpose, we also believe he will improve the children's abilities within the school's core values and help to improve and secure higher attendance levels.

Area: Interaction with pupils and staff

Reason: To ensure the school dog interacts appropriately at all times

Step 1 Identify the Hazards	Step 2 Who might be harmed & how?	Step 3 What are you already doing?	Risk Rating	Action required
School dog biting a child or adult	Child or adult could be hurt if a dog bites	The school dog is being trained not to bite. When the dog is approached in the correct way there is very limited danger. Joey has been a school dog for 2 years (since he was 9 weeks old) and very used to interaction with children.	Low	<p>Ensure that children and adults do not interact with the school dog without supervision</p> <p>Ensure that all interaction with the school dog is completed in the agreed way</p> <p>On-going reminders during assemblies and in class of how to interact with the school dog</p>
Jumping up/scratching	If a dog becomes excited there is a danger that they could jump up and knock a child over or leave a scratch mark	The temperament of Joey and the agreed training programme has involved not jumping up with praise/rewards being given when successful.	Medium	<p>Ensure that children and adults do not interact with the school dog without supervision</p> <p>The school dog will be kept in the office or in the courtyard outside the office (which is not part of the children's playground). When people come to interact with him or under lead control by an authorised adult</p>
Direct interaction with children/staff	If a dog is allowed to interact when not in the correct frame of mind children/ staff could be scratched	<p>No interaction is allowed without authorisation</p> <p>Interaction will be cancelled if the school dog shows signs of incorrect behaviour</p> <p>Rewards/praise will be given to reinforce the desired behaviour</p>	Medium	<p>Ensure that the school dog is approached in the agreed manner</p>

School Dog Risk Assessment

Destruction of materials	If allowed a dog may chew/destroy some school materials/resources	The school dog will be under close control at all times The school dog will have his own toys to play with and normal school resources will be removed	Low	Monitor that the equipment used to contain the school dog is appropriate and effective
--------------------------	---	---	-----	--

Area: Interaction with pupils and staff

Reason: To ensure the school dog interacts appropriately at all times

Step 1 Identify the Hazards	Step 2 Who might be harmed & how?	Step 3 What are you already doing?	Risk Rating	Action required
Incorrect/inconsistent interaction with the school dog	If a child/adult interact with a dog in the incorrect or inconsistent way this could affect a dog's training and have a negative impact on future interaction	Agreed guidelines that must be followed at all times when interacting with the school dog	Medium	If there are any inconsistencies in approach with the school dog the adult/child will have the interaction stopped
Use of rewards/treats	Children and adults could be harmed if a dog is over excited when receiving a reward/treat	Adults and children are reminded to wash their hands. Treats will only be given to the school dog with authorisation	Low	Reminders to the children to wash hands / use alcohol gel after handling treats Treats to be put away to ensure they can only be used after authorisation
Pupil/staff knowledge of interaction with a puppy/dog	If adults and children have limited knowledge of how to interact correctly this could result in harm to a dog or themselves	There is an agreed format for how to interact with the school dog, which is shared with children in assembly	Medium	Invite 'The Dog's Trust' to visit each year group to conduct a 'Be Dog Smart' course with all of the children dog

Area: Interaction with pupils and staff				
Reason: To ensure the school dog interacts appropriately at all times				
Step 1 Identify the Hazards	Step 2 Who might be harmed & how?	Step 3 What are you already doing?	Risk Rating	Action required
Worms/fleas	If a dog is not treated for worms there is a danger that germs can be transferred to humans	The school dog will be treated monthly for worms and fleas	Low	Monitor that vet visits happen promptly and take actions suggested by the vet
Faeces	If a child/adult come into contact with dog faeces some germs could be transferred	The school dog will only be walked under supervision No child will be asked to pick up the dog's faeces, this will always be undertaken by the adult in supervision	Low	If a child finds faeces (of any sort) on the school field/playground they will report it to an adult
Allergies	If a child is allergic to dogs they could become unwell	Joey is a Cockapoo and is hyper allergenic Children can only be in close, targeted contact with the school dog once the school has written permission from parents/guardians If a child has an allergy the school dog will not carry out tasks near the child	Low	
Children's access to school dog's resource	If a child has access dog treats/food and eats some they could become unwell	All of the school dog's resources will be put away No child will be allowed to enter the school dog's area without authorisation	Low	Remind children not to enter area
Contact with food preparation areas	If a dog enters a food preparation area this could be unhygienic	The school dog will be under close control or in a contained area or on a lead at all times around school He will never enter the school kitchen	Trivial	
Cleaning hands after interacting with the school dog	If hands are not cleaned children/adults could become unwell	All adults and children will clean their hands after interaction with the school dog	Low	Remind children and adults to clean their hands

School Dog Risk Assessment

Area: Interaction with pupils and staff				
Reason: To ensure the school dog interacts appropriately at all times				
Step 1 Identify the Hazards	Step 2 Who might be harmed & how?	Step 3 What are you already doing?	Risk Rating	Action required
Walking the dog on and off site	<p>Children could be harmed during a walk offsite if they are not focussed</p> <p>Children might be harmed if they do not interact correctly when a dog is on a walk</p>	<p>It would be rare for the school dog to be taken off site, but if that should happen, normal risk assessed procedure will take place</p> <p>No children will take the lead when the school dog goes for a walk unless authorised to do so by accompanying adult</p> <p>No children will be allowed to interact with the school dog when he is on a walk unless permission is given</p>	Medium	Careful consideration needs to be given to the amount of time the school dog is allowed to walk around school during play/lunchtimes
Visits to classroom	If the school dog visits a class and the children do not follow the correct procedure he may become over excited	<p>The school dog will initially only make classroom visits with an assigned adult</p> <p>The children in classrooms will follow the agreed procedure or interaction will stop</p>	Medium	Careful consideration will be given to when the school dog can visit classrooms and be under the control of the class teacher or teaching assistant
Being fed	If a child tries to interact when a dog is eating they may respond aggressively	<p>No child will be allowed in the school dog's contained area when he is eating</p> <p>All feeding will be supervised</p>	Low	Reminders to the children feeding the school dog to not interact when he is eating Children may be trained to prepare the food for the school dog (washing their hands afterwards)
School events	If a dog is overwhelmed they may become aggressive or boisterous	The school dog will only attend school events if they are appropriate and he will be under the control of a supervising adult	Low	Monitor the school dog's reaction to school events. If the school events are too overwhelming the school dog might not attend school on that day
Other dogs (on and off site)	If a dog encounters another dog they may become boisterous	No other dogs will be allowed on the school premises	Low	Monitor the school dogs reaction when out walking
